

JAMES BURLEIGH LIMITED

Corporate Social Responsibility CSR Commitments

James Burleigh has been designing and making furniture for the commercial interiors market for over 20 years. In 2012 we relocated from a small design studio to an industrial unit in London NW10 in order to fully harmonise the design and manufacturing processes.

Our aim is to create products that are functional, aesthetically pleasing and sustainable.

As a small business we rely on our reputation and quality of products to retain our position in the market and endeavour to operate to the highest standard of ethics and professionalism. Our company is open and transparent in all its dealings and benefits solely from legitimate business operations. We recognise the importance of the law, including that pertaining to anti-bribery and corruption practices.

We are a committed equal opportunities employer.

We invest time in training newly qualified furniture makers who are given the opportunity to work under the supervision of our experienced makers.

At James Burleigh Limited we recognise that we have an important role to play in the local community. The Directors live locally and James Burleigh is actively involved with the Old Oak and Park Royal Development Corporation. The OPCD is aimed at providing new housing and commercial development, surrounded by sustainable and thriving neighbourhoods and valued amenity space.

We support various charities and regularly make donations through such entities as Just Giving for sponsored charity events.
